## Home Learning Support Resources

Well done for surviving Week 2 of home learning! I hope that you are all starting to get the hang of Google Classroom. We know that it's frustrating when technology doesn't always work as expected, but we're all learning together. I'm sure that the teachers have provided you with more than enough home learning material, but if you are keen to find more, then check out the home learning page on our website.

Home educating can be stressful so it's important that you look after your own wellbeing, as well as that of the children. There are some useful resources here, which could be worth a look.

## Parent Council

Our Parent Council class reps will be holding class meetings over the coming week, before our next Parent Council meeting on 26<sup>th</sup> January. They will be emailing you shortly with details of each meeting.

## Thank you

We have received some lovely messages, thanking the teachers for their hard work in preparing and supporting home learning. Thank you to everyone who has taken the time to contact us; all of your positive comments are greatly appreciated.

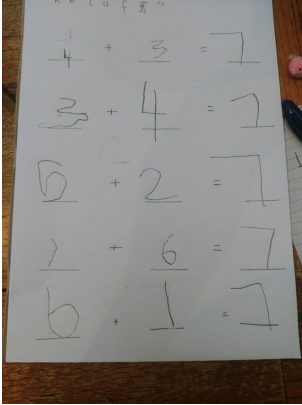

*Have a great weekend!*

### Felix's Jambalaya

Jambalaya originates from New Orleans and is a rice dish which takes influence from african, French and Spanish rice dishes. It is one of our family favourites and we like it spicy!
